# 1 Systems' perspective

## 1.1 Design and architecture

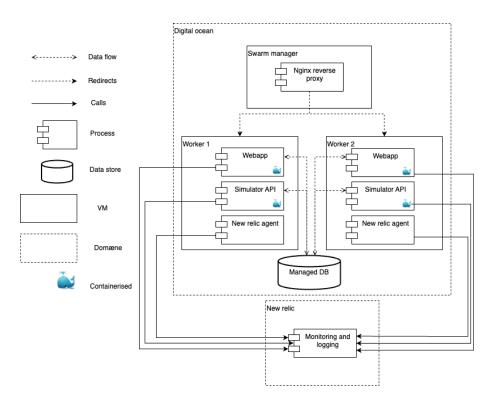

Figure 1: A diagram of the infrastructure running our application

## 1.2 Dependencies

#### 1.3 Interactions of subsystems

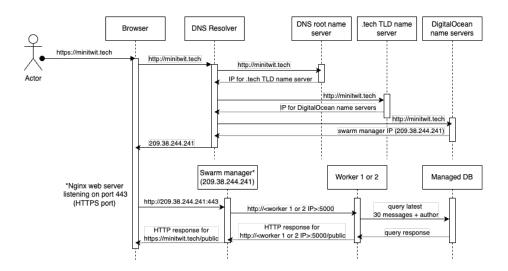

Figure 2: A sequence diagram describing the process of calling "minitwit.tech/public"

#### 1.4 Current state

# 2 Process' perspective

- 2.1 CI/CD chain
- 2.2 Monitoring
- 2.3 Logging
- 2.4 Security

There are no security flaws in minitwit.[?]

- 2.5 Scaling and upgrading
- 3 Lessons learned perspective
- 3.1 Evolution and refactoring
- 3.2 Operation
- 3.3 Maintenance
